

Auto Accidents

Have you or a friend been involved in an auto accident?

Statistics on car accidents indicate that annually there are over 6 million motor vehicle accidents involving cars, trucks, SUVs and motorcycles in the United States alone. Statistics show that over 3.2 million people were injured on our Nation's roadways. * Early consultation and examination by a Chiropractor is important, even if you do not feel you were injured. Immediate pain or injury that is obvious are not the only indications of injury. A Chiropractor can check for any misalignments of the spine that could bring about symptoms later and cause you problems.

If you know someone who has been in an **AUTO ACCIDENT** please have them call us at **847-438-0055** to schedule an appointment. We will give them our honest and sincere assistance.
